Highlights

Simplify the way you work. Enter your event information once and instantly publish to multiple channels including your website, Facebook page and Twitter.

Put security and software hassles behind you. There is no software to install or maintain – WE maintain our "cloud-based" system round-the-clock.

Use Backstage Pass to manage your events from a computer or mobile device anywhere there's an Internet connection.

Get the word out fast with our social media integration! Facebook and Twitter "hooks" on every event allow ticket buyers to share with their friends in one click.

Customize every detail of your events including ticket pages, prices, discounts, pre-sale codes, custom ticket ads, seat maps and more.

Sell general admission, reserved seating, and ballroom style table seating all from one screen with our flexible PickTix seating system.

Scan patrons in quickly from multiple points of entry with any smart phone or wireless laser scanner.

Use our automated e-newsletter creation tool to promote your events. Track opens, unique clicks, bounces and opt-outs. We show you what the numbers all mean and how to improve them.

Use Backstage Pass as a POS to sell tickets at the door, change seats, print tickets and more. Total event management is always in one place...where you are!

Measure your marketing efforts. Add a survey, poll or questionnaire to your events. Analyze your success with our Event Report Card.

Keep your team in the loop. Automatically email reports to staff, event promoters and artists.

Add donations, parking passes and retail items to any order.

Time your event pricing. Set pre-sale and day-of-show pricing to drive sales.

Download patron data and event reports to Excel or view them online, anytime.

Save time entering events. Quotes, website and video links, high-quality photos and event descriptions are saved for future use.

Let us build a custom mobile app for your venue.
